

# The 7th International Conference on Biomass Energy (ICBE2021)

(ICBE2021)

Xiamen • China

Nov. 24-26, 2021

## CALL FOR ABSTRACT

### **.BACKGROUND**

The 7<sup>th</sup> International Conference on Biomass Energy (ICBE2021) will be held in Xiamen, Fujian Province, China on Nov. 24-26, 2021. This is the 7<sup>th</sup> Biomass Energy International Conference series (formerly named International Conference on Biomass Energy Technologies) in China after the first six successful conferences held in Guangzhou 2008, Beijing 2010, Nanjing 2012, Changsha 2014, Beijing 2016 and Wuhan 2018, respectively. ICBE 2021 is organized by **Biomass Energy Committee of China Renewable Energy Society (CRES)**, **Biomass Energy Innovation Alliance**, and will be co-organized by AIChE Forest Bioproducts Division, European Biomass Industry Association, Chinese Renewable Energy Industries Association (CREIA). The conference will be hosted by School of Energy, Xiamen University, with both online and on-site modes. Meanwhile, the Annual Meeting of China-Canada Bioenergy Center will be held in the morning of Nov. 25-26, 2021.

The conference aims to introduce the latest technological development and academic research hot issues of the biomass energy. It will provide an active platform for researchers and enterprises to stimulate new ideas in wide and deep communication, present new achievements, explore new issues and promote the development of biomass energy significantly. With a commitment to excellence in innovation and a dedication to the enhancement of collaboration, ICBE 2021 will provide superb programs and attract world leaders in relevant fields, aiming to true world impacts on innovation and industrialization of biomass energy technologies.

ICBE2021 will invite experts, researchers, industry representatives from Asia, Europe, America, Africa and other regions to discuss the key issues of technologies and industrial developments of biomass energy. The conference will include plenary sessions, keynote lectures, invited speakers, poster and oral presentations, and other sessions on various topics related with biomass energy technology like earlier conferences. With the contribution of all the experts and representatives, the conference will obtain fruitful achievements and level up the research and application of biomass energy utilization technology.

### ◆ **TOPICS**

- |                           |  |
|---------------------------|--|
| (1) Policies & Strategies | (4) Biomass Briquettes and Power Generation    |
| (2) Liquid Biofuel        | (5) Bio-based Materials and Platform Chemicals |
| (3) Gaseous Biofuel       | (6) Cultivation of Energy Crops                |

### ◆ **ORGANIZERS**

- ◆ Organized by:

Biomass Energy Committee of China Renewable Energy Society

Biomass Energy Innovation Alliance

◆ Co-organized by:

China-Canada Bioenergy Centre

Forest Bioproducts Division of American Institute of Chemical Engineers

European Biomass Industry Association

Chinese Renewable Energy Industries Association

◆ Hosted by:

College of Energy, Xiamen University

Fujian Engineering and Research Centre of Clean and High-valued Technologies for Biomass

◆ **ADVISORY COMMITTEE**

T.W. Tan, Beijing University of Chemical Science, Academician and CRES President

Y. Chen, Guangzhou Institute of Energy Conversion; Academy of Science, Academician

B.S. Li, China Renewable Energy Society, Vice Chairman

C.Z. Wu, China Renewable Energy Society, Vice Chairman

H.S. Qi, China Renewable Energy Society, Secretary General

◆ **SCIENTIFIC COMMITTEE**

◆ Chairman

T.W. Tan, Beijing University of Chemical Science, Academician and CRES President

◆ Vice Chairman

J.C. Jiang, Institute of Chemical Industry of forest Products CAF, Academician

X.T. Bi, University of British Columbia, Academician

J.Y. Yan, Mälardalen University, and KTH-Royal Institute of Technology, Academician

◆ Members (According to the order of Surname)

X.T. Bi, University of British Columbia, Canada

G.Y. Chen, Tianjin University, China

H.P. Chen, Huazhong University of Science and Technology, China

H.Z. Chen, Institute of Process Engineering, Chinese Academy of Sciences, China

M.Q. Chen, Anhui University of Science & Technology, China

X. Fang, Shandong University, China

Y. Fu, University of Science and Technology of China, China

K.J. Gaston, Environment and Sustainability Institute, University of Exeter, UK

C.W. Hu, Sichuan University, China

J.C. Jiang, Institute of Chemical Industry of Forest Products CAF, China

J.S. LEE, Korea Institute of Energy Research, Korea

N. Leksawasdi, Chiang Mai University, Thailand

T.Z. Lei, Henan Academy of Sciences, China

L. Lange, Technical University of Denmark, Denmark

C.Z. Li, Hunan Academy of Forestry, China

D.J. Li, National Taiwan University of Science and Technology, China

R.D. Li, Shenyang Aerospace University, China

X. Li, Changsha University of Science and Technology, China

Q. Liao, Chongqing University, China

L. Lin, Xiamen University, China

D.H. Liu, Tsinghua University, China  
R.H. Liu, Shanghai Jiao Tong University, China  
S.J. Liu, State University of New York, USA  
X.F. Liu, Chengdu Institute of Biology, CAS, China  
Z.Y. Luo, Zhejiang University, China  
L.L. Ma, Guangzhou Institute of Energy Conversion, CAS, China  
H.B. Meng, Chinese Academy of Agriculture Engineering, China  
S. Park, North Carolina State University, USA  
B.V. Ramarao, State University of New York, USA  
S. Ramaswamy, University of Minnesota, USA  
J. Saddler, University of British Columbia, Canada  
S.Z. Sun, Harbin Institute of Technology, China  
Y. Sun, Northeast Agricultural University, China  
Y.M. Sun, Guangzhou Institute of Energy Conversion, CAS, China  
C. Techapun, Chiang Mai University, Thailand  
S.R. Wang, Zhejiang University, China  
Q.L. Wu, Louisiana State University, USA  
S.B. Wu, South China University of Technology, USA  
R. Xiao, Southeast University, China  
J. Xie, South China Agricultural University, China  
F. Xu, Beijing Forestry University, China  
M. Xu, Energy Research Institute of Shandong Academy of Sciences, China  
J.Y. Yan, Royal Institute of Technology, KTH, Sweden  
H.D. Ye, Longyan Zhuoyue New Energy Co., Ltd  
W.M. Yi, Shandong University of Technology, China  
D.L. Zhang, Liaoning Institute of Energy Resources, China  
Q. Zhang, Guangzhou Institute of Energy Conversion, CAS, China  
Q.G. Zhang, Henan Agricultural University, China  
S.P. Zhang, East China University of Science and Technology, China  
W.D. Zhang, Yunnan Normal University, China  
X. Zhang, Beijing University of Chemical Technology, China  
L.X. Zhao, Chinese Academy of Agricultural Engineering, China  
Z.B. Zhao, Dalian Institute of Chemical Physics, CAS, China  
J.Y. Zhu, US Forest Service R&D, Forest Products Laboratory, USA  
J.S. Zhou, Zhejiang University, China  
X.S. Zhuang, Guangzhou Institute of Energy Conversion, CAS, China

◆ **CONFERENCE CHAIRMAN**

L.L. Ma, Biomass Energy Committee of China Renewable Energy Society, Director

◆ **CONFERENCE EXECUTIVE CHAIRMAN**

L. Lin, College of Energy, Xiamen University

X.T. Bi, University of British Columbia, Canada

◆ **ORGANIZING COMMITTEE**

L.L. Ma, Biomass Energy Committee, CRES, Deputy Director

T.Z. Lei, Biomass Energy Committee, CRES, Vice Deputy Director / Secretary General

L. Lin, College of Energy, Xiamen University  
 Y.M. Sun, Biomass Energy Innovation Alliance, Secretary General  
 X.S. Zhuang, Biomass Energy Committee, CRES, Vice Secretary General  
 H. Li, Biomass Energy Committee, CRES, Vice Secretary General  
 W.Q. Wang, CRES, Vice Secretary General  
 X.H. Zeng, College of Energy, Xiamen University

◆ **SECRETARIAT**

Secretary-General: T.Z. Lei  
 Deputy Secretary-General: X.S. Zhuang, H. Li, X.H. Zeng  
 Secretary: S.H. Yang, X. Zhang, Y.R. Zhang, X. Tang, X. Wang, P. Liu, D.D. Wu

◆ **CALL FOR ABSTRACTS**

All unpublished papers related to the topics above all are welcomed. Authors wishing to present in the conference should only submit abstracts in English according to the annex. ICBE2021 will only provide electronic digest proceedings. All abstracts will be reviewed by the conference scientific committee. The accepted abstracts will be published in the proceedings and presented in the oral or poster sessions. "Best Presentation Award" and "Best Poster Award" will be selected in the conference. Full text papers should be submitted if considered for publication in Journals through this conference. After being reviewed by scientific committee, high quality original papers will be recommended to publish in top tier international journals.

All abstracts should be submitted to the conference official email [icbe2021@163.com](mailto:icbe2021@163.com) or website at: [www.icbe2021.xmu.edu.cn](http://www.icbe2021.xmu.edu.cn) (will be available soon).

Oral presentations contain keynote speeches and general oral presentations. Keynote speeches will be made by international experts in the area of biomass energy. General oral presentations will be selected by conference scientific committee from the abstracts and full papers submitted. The conference secretariat will notify the authors one month before the conference. Oral speakers and posters should prepare slides or posters in advance.

◆ **REGISTRATION AND FEES**

Please visit the conference official website: [www.icbe2021.xmu.edu.cn](http://www.icbe2021.xmu.edu.cn) (will be available soon). for registration. Early-bird discount applies.

	Before Oct. 1, 2021 On-site Participants	After Oct. 1, 2021 On-site Participants
Chinese Non-Student Participants	2500 CNY	2800 CNY
CRES and Biomass Energy Committee Members	2000 CNY	2300 CNY
Chinese Students	1500 CNY	1800 CNY
International Non-Student Participants	400 USD	500 USD
International Students	300 USD	350 USD

◆ **IMPORTANT DATES**

Abstract Submission Opens: Sep. 1, 2021  
 Deadline for Abstract Submission: Sep. 30, 2021  
 Notification of Abstract Acceptance: Oct. 31, 2021

Deadline for Registration:

Nov. 20, 2021

Conference date

Nov. 24-26, 2021

◆ **IMPORTANT NOTE**

1. Chinese participants are suggested to attend the on-site conference (registration fee applies). International participants can attend the conference online for free.
2. The conference dates and other information may be adjusted according to local regulations for COVID19 prevention and control.

◆ **CONTACT INFORMATION**

◆ **PAPER SUBMISSION & REGISTRATION**
